

## Winfield Leaf Vacuuming Policy

When is leaf vacuuming done?

The Street Department removes leaves every Wednesday corresponding with garbage service and **weather permitting**. You must either call or submit a request form on our website to have your address added to the route.

The rules are as follows:

- All Leaves must be placed at the edge of the lawn, not in the street.
- Leaves should not be bagged.
- No dirt, garbage, branches, or rocks etc. can be mixed in.
- Must be in an inhabited home (no vacant lots).
- Place away from mailboxes, trees and utility poles.

\*What is deemed acceptable based on these rules will be at the Winfield Street Department's discretion. Anything put out for pick up that exceeds these rules will be left behind, and will be the homeowner's responsibility to dispose of. The Street Department may not spend more than ten minutes at each residence so they can complete their route. Please follow the rules above to ensure timely pick up for all residents.

SIDE NOTE FOR FUTURE REFERENCE: Do you have leaves and it is not seasonal pick up time? CALL Porter County Recycling, they do composting: (219) 465-3694 or visit [www.itmeanstheworld.org](http://www.itmeanstheworld.org)

Branch pick up will resume in the spring.
